Mrs. Linda Merriman.

Dear Linda. Hopin things been all right in your marriage life, including you, and your husbands health.

Here we been having a cuple of mischifs, but we have manage. My son was in the hospital 5 days. He fell, and hit his head. He had a concucion, But thank God his all right now. The flu has been going around, and Claude & the baby has it.

You probably know about the fuel gas shartage. Well, here in Europe Belgium, Holand, and starting this Sunday 25th 1973 We are not lowed to drive on Sundays & Holidays. The dollar is not so good either. The weather is lousy ends up to 62 m.p.H. Cold & freezing & Clowdy.

But for the rest everything still the same.

Linda about the information you asked. Well only dependents can travel on military planes. But this is your best chance, in some agencies they have the student fare. If any person under 25 qualifys you & your husband are under 25 years of age you can qualify for it. I don't know how much it cost, but a round trip will be better. Its also better for you to buy the tickets in the States, cause the dolar devaluation won't help you a bit.

During summer time is better (cause the weather is better.)

If you decide to come, will do our best to take you to nice places. I don't know how it would work out cause Claude works days. Will arrange that later on ok. Something else I wanted to tell you, You guys are more than Wealcome to stay with us. But don't speact a palace. Our house is not luxurious. We have all that is necesary for a huse that makes people feell just right.

So now will wait for your answer to see what have you & your husband decided about coming to Europe.

Sorry for taking so long in answering your questions, but we wanted to inform of all the posibilities and to let you know the best.

Do you still work close to your home? Thank for the phato you looked real nice & cute. I liked your dress.

Well hope to hear from you soon. Claude, says hi, lots of kisses from Claude for. Best wishes for you & your husband. Take care!

Your friends

Claude, Gloria & Little Claude

P.S.

Linda can you let me know about what's going on here in U.S.A? Prices wise, how bad is the gas shortages? Is it hard to find job? All information you can tell us, will really apreciate it.

Thanks!
